## Micro Tag

The Micro tag is used for the solidity of its hard shell and its strong mechanical fastening system. Reusable, it allows to protect all textiles (fits perfectly for fragile textiles). Pins of 16mm are used for the majority of clothes. The tag releases at checkout with a detacher. The tag is light weight and easy to apply and remove.

- 1000pcs Inc 16mm Pins
- High Quality hard plastic Shell
- Strong ball bearing clutch locking system
